

## Testimonials

"You can't really appreciate the results Essentia water gives you unless you go on a few days without it. Believe me... I tried it. My patients and I agree that this "magical" liquid does amazing things in your body. You don't really have to know how or why it works... it just does. I feel so much more hydrated when I drink it. My kids love it and we bring it everywhere we go. From the dental standpoint, drinking and rinsing with a high pH water neutralizes the acidity in the mouth and creates an environment that bacteria just don't like. While other waters are good, Essentia water is much more! I recommend it to all my patients."

*-Dr. Marvin, San Diego, CA*

"I was first introduced to Essentia in February 2007 at the Chiropractic Symposium of Natural Fitness in Columbus, Oh. One of the main speakers stated that this was one of the best bottled water he has used and tasted. I own a Chiropractic office where we offer chiropractic adjustments, modalities, therapeutic exercise and human/chiropractic and sports performance. We treat patients to perform at their best through chiropractic treatments, nutrition and exercise. I try to recommend only the best for my staff and patients so they can perform at their best. I ordered Essentia Water when I returned from the seminar and it became a huge hit immediately with both my staff and patients. On a personal note, it is the best water for my patients, my staff and for sports chiropractic and performance. It is also my cat's favorite choice of water.

*-Dr. D. Hall, Hall of Fame Chiropractic*

"Using this product has been a tremendous benefit to our patrons. Melaninated people have the highest heart issues, colon cancers, prostate cancers, and vital water is essential to the hue-man body. We are thankful to Essentia for having the greatest water on the market. Thanks to this highly alkalized water we have a balanced PH now. Peace, love, and honor thank you."

*-Dr. L. Elbey, Fayetteville, N.C.*

"I absolutely think your water is amazing. I am a cancer survivor and Registered Dietician. I recommend Essentia to all my patients. "

*-Dr. A.L., Closter, NJ*

"The science and logic behind Essentia is unquestionable. The potential health benefits are incredible."

*-Dr. H, Virginia*

"I frequently discuss Essentia's detoxification benefits in my lectures and feel Essentia's H2O is the optimal pH for detoxification."

*-Dr. G.N., Brookfield, WI*

"I have measured the electrical resistance at the site of pain in more than 16,000 patients. When people are dehydrated or when they do not assimilate minerals, the resistance is high and it is very difficult to reconnect the broken circuits to heal the pain. Last week I had a patient whose tissues conducted better than anyone I can remember. We were able to stop her pain almost immediately. I said, "you must be drinking a lot of water" and she showed me her Essentia Water. I am recommending it to all my patients."

*-Dr. D.S., Provo, UT*

"As you may know the type of therapy that I offer requires that my clients be adequately hydrated for best results. After months of searching different waters I decided that Essentia offered all the things I was looking for. One of my clients loves it so much she has me order her ten cases every time I order. It's all she drinks! That pretty much says it all doesn't it?"

*-K. Bates, Austin Beauty & Health*

"Thank you, thank you, and thank you for Essentia!!! I like many other Essentia lovers, cannot thank you enough for this ultimate, water. For way too long, I have been drinking substandard water and continued to look for the healthier water comprised of everything in Essentia. I was even adding (1-2 drops of 35% of hydrogen peroxide) to my Smart Water to get the satisfaction I needed. Now I don't have to add it anymore, I can use it for other intended purposes'. I love Essentia and wish it could flow out of my faucets at home to bathe and drink. This water should be made mandatory drinking and all other waters taken off the shelves. Why wouldn't anyone want to drink Essentia!!! There is no comparison to other waters. I love this water and will tell everyone I meet about it, heck i may even buy a bottle for them. The taste alone will blow them away....then once they find out the benefits, I am sure you will have another dedicated customer. Thank you and God bless you all at Essentia!!!"

*-R. Gilliam, Midlothian, VA*

"I just wanted to tell you that I drink Essentia Water for two reasons. I was diagnosed with Interstitial Cystitis over a year ago, and the largest component of treatment is to remove irritating and acidic foods from the diet. One of those recommended items to consume is a higher pH water. Well, I found Essentia and have not turned back. I drink it exclusively because I do not have to worry about any chemicals like chlorine and fluoride like are in tap water, nor do I have to worry about inconsistency. The other reason I drink it is because it tastes great!"

*-S. Johnson, Essentia Disciple*

"Hello. I just want to say thank you. I've heard about this water from a nurse from a local hospital when I went into the ER. Last year, I had passed 3 kidney stones. As a suggestion, this guy told me about the water and told me about the ionization filtering and how good the water is for us. It's not like the recycled water that soda companies make. Since there are so many chemicals in tap water that are unidentified and is masked by the media, I realized that our own government does not care if we live or die. However, I want to be around for my fiancé and daughter. Thanks for having a product that tastes great and is making me live longer. Thank you so much from the bottom of my heart. My health is in your hands!

*V.DuBose, Essentia Disciple*

"I came across one of your stands at a local mall and I was thirsty so I bought a few bottles. The lady I spoke to told me some of the benefits of your water. I had been feeling sluggish and constantly tired for the past couple years as well as suffering from ulcers. Three days after trying your product, I felt better (literally) than I had in all the years I was trying to find a cure for what's been making me feel weighted down. I cannot express enough how much more beneficial your product is to somebody who is into fitness. I have tried them all and yours is truly one of a kind".

*-Gina Westfield, MA*

"My doctor told me that to build up strength in your immune system, to help protect your family from a myriad of disease; you must eat wholesome food and drink at least 8 glasses a day of pure water. We tried many types of bottled water, including the expensive import and there was always something lacking. Then we found Essentia Water!! Essentia with a pH balance of 9.5 not 6-7 as the other bottled waters and with its awesome taste and texture. Six months and several lab tests later, Essentia Water proved to be the healthiest mineral and alkaline water ever".

*-Leigh Writer, attorney, counselor Bethel, NY*

"I would like to say that Essentia Water is the cleanest tasting water on the Planet. I also drink it because of its alkalinity and electrolytes. No other water compares".

*-Jeff, Garden City, NY*

"My husband had me try another bottled water, but it was terrible. I am serious, I really love Essentia...it tastes so great, so smooth."

*- F.T. Carlsbad, CA*
